

## ECS Payment Details

The quickest way to make an ECS application is by using MyECS on the ECS card website [www.ecscard.org.uk](http://www.ecscard.org.uk)

When applying online the system automatically calculates the correct fee and prompts you to pay using a debit or credit card when your application is finalised.

**Please note:** A £10 + VAT administration fee is payable for **ALL** paper applications. JIB member discounts are not available if the application is made using a paper application. Making an online application will avoid paying an additional administration payment.
